I. General terms and conditions

§ 1 General terms and conditions

The customer's contractual partner is Rasch-Diascan, owner: Helmut Rasch, Kreuzstraße 20, 82467 Garmisch-Partenkirchen, Germany, hereinafter referred to as Rasch-Diascan.

§ 2 Scope / General

- a. These terms and conditions apply to all business relationships between Rasch-Diascan and the customer. The version valid at the time the contract is concluded is decisive. Deviating, conflicting or supplementary general terms and conditions, even if known, do not become part of the contract unless Rasch-Diascan has expressly agreed to their validity.
- b. The essential features of the goods we offer and the period of validity of limited offers can be found in the individual product descriptions on our website.
- c. The data required for the execution of the contract between you and us is stored by us and is accessible to the customer at any time.

§ 3 Conclusion of Contract

The placing of an effective order by the customer requires the sending of a signed original order in paper form by post and an order confirmation by Rasch-Diascan. The order form required for this can be requested by telephone. It will then be sent to the customer by email.

After receipt of the order, the customer receives an invoice, which also serves as an order confirmation. After transferring the invoice amount in advance and handing over the source material, the order will be executed. Depending on the agreement, the source material can be handed over either by us by picking it up, by handing it in at a receiving point or by sending it to us.

Rasch-Diascan is not bound by its declaration of intent towards the conclusion of the contract, provided that the source materials provided by the customer deviate from the specifications specified on the order form.

§ 4 Prices and Shipping Costs

The prices in EURO published on the Rasch-Diascan website apply on the day the order is placed. These may differ from the prices stated on the order form, e.g. if the customer uses an out-of-date order form. The price is

composed of the order value and the shipping or delivery costs including all taxes and other price components.

§ 5 Payment

The customer pays for the service in advance after receipt of the invoice. The invoice is handed over to a receiving office or sent to the billing address specified by the customer by post. A cash payment at the acceptance point is not possible.

§ 6 Transfer of Risk, Delivery Conditions

Rasch-Diascan receives the customer's source material, depending on the agreement, by picking it up from the customer, by handing it in at an acceptance point or by sending it to the customer. After processing, the customer receives the source material together with the work result in the agreed manner (return by Hermes package or delivery by us).

The risk of loss or damage to the source material is transferred to Rasch-Diascan when the material is handed over to us.

§ 7 Offsetting

The customer can only offset any counterclaims if they have been legally established, are undisputed or have been recognized by Rasch-Diascan.

§ 8 Copyright, Criminal Law

The customer is responsible for the content of the submitted source material. He must ensure that the necessary copyrights, trademarks or other rights of the customer are available for all work transferred to Rasch-Diascan and for the archiving of image files. All consequences arising from a possible violation of these rights are borne solely by the customer. If third parties assert a violation of your rights against Rasch-Diascan, the customer undertakes to release Rasch-Diascan from all legitimate claims asserted against Rasch-Diascan by third parties at the latest upon first written request and to indemnify Rasch-Diascan of any other damage to be replaced if the customer is responsible for them. The customer assures that the content of the image material provided does not violate any prohibition standards, in particular the regulations on the spread of child pornography.

If we become aware of violations of this assurance, Rasch-Diascan will immediately cancel the order and contact the responsible law enforcement authorities. Proof of copyrighted source material that is sent or

handed over for processing without the written permission of the author cannot be processed and will be returned at the expense of the client.

§ 9 Final Provisions

- a. The law of the Federal Republic of Germany applies to the exclusion of the United Nations Convention on Contracts for the International Sale of Goods. Mandatory provisions of the state in which the customer is habitually resident remain unaffected.
- b. If the customer is a merchant and acts in this capacity, Rasch-Diascan's registered office is agreed as the place of jurisdiction. If the customer does not have a general place of jurisdiction in Germany or if he has moved abroad after the conclusion of the contract or if the place of residence is not known at the time the action is filed, the place of jurisdiction for all disputes is the seat of Rasch-Diascan.
- c. Should individual provisions of this contract be ineffective, this does not affect the rest of the contract. The respectively applicable statutory regulation takes the place of the ineffective provision.
